GUIDE FOR DONORS
Thank you for considering a donation to the The Dalton McCaughey Library.

The library gratefully accepts monetary gifts toward the maintenance and advancement of its collections and programmes. Gifts greater than $2.00 are tax deductible.

You may make a monetary donation to the library without restriction, or choose among the following options.

**Acquisitions fund**

The Dalton McCaughey Library collections are of major importance to theological education in Victoria. But our ability to maintain their relevance has been diminishing with rising prices and falling income. Your contribution to this fund will help us greatly to maintain their value to current and future students, teachers and researchers. The average price of a book nowadays is about $70; a periodical subscription, about $200.

**Honour with Books and Media**

Celebrate, remember or acknowledge a person or an occasion, by funding the purchase of a book for the Dalton McCaughey Library's collections. A commemorative book plate will be affixed to the book we purchase, and you will be sent a letter informing you of the identity of the book.

1 commemorative book plate: $70  
N commemorative book plates: N x $70
**Preservation fund**

The Rare Books collection is housed in good environmental conditions but many of the volumes within it are in need of conservation or repair. Such work is expensive – and difficult to afford in present financial circumstances. A contribution of $300 to the Preservation Fund will help to bring about the restoration of a valuable older volume and ensure its future survival.

**Library technology fund**

The library’s increasing use of the internet to satisfy the information needs of its users follows societal trends. Today the guidance and information available to library users via the network centred on the library’s website is considerable. A contribution to the Library technology fund will help us to stay ahead in a changing technological landscape. $1000 would make a significant contribution to the cost of the next upgrade to the library catalogue and circulation system, or completely cover the cost of a new computer server.

**Legacies**

Please also contact the Chief Librarian if you are interested in the idea of adding the Dalton McCaughey Library to your will.
NON MONETARY GIFTS

The library is permitted to receive non-monetary gifts under the Cultural Gifts Program of the Commonwealth Government. Through this program donors receive a tax deduction for the market value of the donation, which can be spread over five income years, and donations are exempt from capital gains tax. For more information about the Cultural Gifts Program visit www.dcita.gov.au/cgp or phone 02 6271 1643. Please contact the Chief Librarian to discuss the suitability of a particular cultural gift.
